

# From Surface to Air:

4 Ways Technology Can Take Your  
Business to the Next Level

Technology should make  
your organization soar,  
not hold you back.

---

**At Gryphon Consulting,** our certified experts are passionate about helping business leaders maximize their community impact.

Whether it's implementing cloud solutions to boost productivity and ensure security or leveraging 24/7 managed support services to help meet evolving customer demands, our team of trusted advisors will help you select the right tools to grow your business.

**Here are four ways we can help take your business to the next level.**

**1** Expand Business Capability with  
Managed IT Offerings

**2** Seamlessly Migrate to the Cloud  
and Boost Productivity

**3** Tackle Evolving Cybersecurity  
Threats Head-on

**4** Get a Tailored Consultation  
and Maximize Your Technology  
Investment

# 01 Expand Business Capability with Managed IT Offerings

Team up with our nimble and agile team and expand business opportunities.

Our customizable IT services cover a wide breadth of technology needs across the Microsoft ecosystem for organizations of all shapes and sizes.

With an extensive community of 2,000 partners who lend best practices, we can help you build a technology foundation that allows you and your team to focus on growing your business.

Keep communications up and running with our certified network consultants and technicians

Ensure business continuity with 24/7 monitoring, support, and incident resolution of your IT environment

Support secure hybrid work for your entire team with tailored Microsoft solutions

It is always a delight to work with Gryphon. They are literally one email away if we have a question. They will respond and at least acknowledge the email that same day, and if they don't have a direct answer, they get one within 24 hours.

# 02 Seamlessly Migrate to the Cloud and Boost Productivity

Are dated systems and scattered content sources preventing your team from thriving?

Eliminate those collaboration and productivity roadblocks and give your team everything they need to succeed - no matter where they're working.

As a Microsoft Solutions Partner for Modern Work that specializes in Small & Mid-Market Business and Cloud Productivity, we've got the expertise for a wide range of migrations.

Spearhead an end-to-end Microsoft 365 implementation, including SharePoint and Office

Create a single source of truth for employees with Microsoft Teams

Ensure centralized data back-up and recovery using Microsoft Azure

Migrate your email from Gmail and GoDaddy to Microsoft Exchange

# 03 Tackle Evolving Cybersecurity Threats Head-on

In today's constantly evolving cybersecurity threat landscape, businesses of all sizes need to be prepared. And while bigger corporations may be able to weather cybersecurity threats, 60% of small businesses fold within 6 months of a data breach.<sup>1</sup>

With Gryphon's team of security experts on your side, you can unlock enterprise-grade protection for your organization, including:

Managing devices from anywhere with Microsoft AutoPilot and Intune

Proactively protecting your valuable data with Microsoft 365 Defender

Automatically defending against most network threats with Azure Sentinel

# 04 Get a Tailored Consultation and Maximize Your Technology Investment

Make sure you're getting the most out of your technology investment.

Our tailored consulting services give you a birds-eye view of your entire organization to ensure you're maximizing licensing and covering all your security and compliance needs.

Acting as an extension of your team, we can help identify and fill any gaps that are preventing your organization from thriving.

Contact us to learn how to:

Maximize your existing software and technology licensing

Build custom reporting for grant compliance, fundraising, and donors

Implement secure volunteer and employee management and collaboration tools

Gryphon listened and built a system more robust than I ever envisioned. They understood our business model, what our objectives were, and what we needed to achieve. We believe we can get to \$600,000 in fundraising now whereas when we started working with Gryphon we were at \$80,000.

- Dr. Yasmin Delahoussaye  
Chief Program Officer  
Educating Students Together

Gryphon Consulting protects and empowers organizations with secure collaboration and productivity technology.

Our certified experts are passionate about helping leaders maximize their community impact.

We're proud to be one of only 12 Hybrid Managed Organizations selected by Microsoft for the Black Partner Growth Initiative.
